Route Overview:

Initial discussion about the suitability of the candidate for the AOR with MBITT

Candidate submits completed application, along with school supporting statement, initial self assessment and Declaration of Prior Experience

Candidate is offered feedback and may reapply

Application & supporting evidence meet AOR entry criteria

Application & supporting evidence do not meet AOR entry criteria

Initial in-school interviews conducted by MBITT and Pre-Acceptance Plan agreed

Candidate, supported by school, undertakes activities identified in PAP

PAP is further developed to support candidate in meeting criteria

After agreed period of time (identified in PAP), MBITT conduct follow-up visit to school to check PAP has been completed, scrutinise identified samples of evidence and conduct joint observation of candidate's teaching

Application & supporting evidence meet AOR entry criteria

Candidate still doesn't fully meet entry criteria

Candidate is formally registered on the AOR and a timescale for moderation and completion is set

School provides candidate with weekly observations and reviews

MBITT conduct 2 interim QA visits (observations & scrutiny of evidence)

School makes recommendation for QTS, which is verified by 3rd MBITT visit (and may also be subject to external verification from the External Examiner)
